

## **GUIDELINES TO PROMOTE SAFETY IN PUBLIC AREAS AND ON PUBLIC TRANSPORT**

- ✓ Be extra vigilant when using mobile phones in public
- ✓ Take care not to walk around wearing headphones after dark so that you can be aware of who is around you
- ✓ Where possible travel in twos and threes
- ✓ When about to travel on public transport, text the parent or carer who is expecting you to let them know that you are on your way home and which route you are taking if different from normal
- ✓ When in between home and school ensure that someone at home knows that you are en route
